ANN LEAHY MP SCHOLARSHIPS GUIDE 2023 – 2024

“Taking the step from school to higher education or training is often not easy for students and their families. I know this from my own personal experience, having had the opportunity to study on campus and externally at university.

During my time working as a part-time TAFE Teacher, I gained a better understanding of the challenges students face trying to navigate the tertiary education road map. I have prepared this guide to help students and their families access financial and other assistance and make informed decisions about further education.”

*Kind Regards
Ann Leahy*
